Project Capabilities

Tavacon delivers commercial construction projects across a diverse range of sectors:

- Community & Nonprofit Facilities
- Retail Redevelopment
- Self-Storage Development
- Office & Warehouse Projects
- Car Wash Construction

Community Facilities

Vickery Meadow Youth Development Foundation

Dallas, TX

Tavacon delivered a high-quality community-focused facility designed to serve and support youth development in Dallas.

Completed in 2021, this project reflects Tavacon's ability to execute meaningful construction beyond commercial builds; bringing together functionality, durability, and purpose.

This project highlights Tavacon's commitment to building spaces that not only meet project goals, but also create lasting impact within the community.

Retail Development

The Shoppes on Indiana

Lubbock, TX

Tavacon successfully transformed an existing retail center into a refreshed, modern commercial space designed to attract tenants and support long-term use.

Completed nearly eight years ago, the project continues to maintain its visual appeal and functionality; demonstrating the quality and durability of Tavacon's work.

This project highlights Tavacon's ability to deliver lasting results in retail redevelopment, creating value that stands the test of time.

Self-Storage Facilities

Dallas Self Storage

Dallas, TX

Tavacon is leading the development of a new self-storage facility, partnering with an existing client to support the expansion of their portfolio.

Tavacon is currently collaborating with an existing client on the development of a new self-storage facility as part of their expanding portfolio.

This project highlights Tavacon's ability to support clients beyond a single project, bringing construction expertise into new asset types and early-stage planning.

This project reflects Tavacon's continued expansion into diverse commercial sectors while supporting long-term client growth.

Office & Warehouse

Office / Warehouse Project

Lewisville, TX

Tavacon is leading the development of a new office and warehouse facility.

Tavacon is currently working through the design phase of a new office and warehouse development, with construction to follow upon completion of planning.

This project reflects Tavacon's ability to collaborate closely during pre-construction, ensuring efficient design coordination and a smooth transition into the build phase.

With a strong foundation in both operational planning and field execution, Tavacon is well-positioned to deliver this project with precision, efficiency, and long-term value.
